

BUILT FOR CLEAN. BACKED FOR LIFE.

A&H TRUCK EQUIPMENT EVALUATION SERVICES

Let factory certified personnel at A&H Equipment Co. perform a 100+ point evaluation on your Elgin Street Sweeper. Keep your Elgin working properly and at its peak performance with an extensive inspection over your entire sweeper.

A&H Equipment will check for potential safety wear or damages to your Elgin. A&H will test and verify all functions are working properly and are up to factory specifications.

Cost of evaluation starting at \$899. Included in the evaluation is a full 360° inspection, a copy of the evaluation, and a Parts & Service estimate for any deficiencies found during the evaluation.

If your repairs exceeds \$2000 or more, half of the initial evaluation charge will be applied to the cost if A&H is chosen for the repairs.

Areas of Inspection include; all sweep gear and associated components, debris body, spray water system and water tank, fluid and lubrication, safety, and chassis.
