

WORK ASSURED.

This Changes Everything.

VACTOR[®]
Subsidiary of Federal Signal Corporation

A&H TRUCK EQUIPMENT EVALUATION SERVICES

Let factory certified personnel at A&H Equipment Co. perform a 100+ point evaluation on your Vactor. Keep your Vactor working properly and at its peak performance with an extensive inspection over your entire unit.

A&H Equipment will check for potential safety wear or damages to your Vactor. A&H will test and verify all functions are working properly and are up to factory specifications.

Cost of evaluation starting at \$899. Included in the evaluation is a full 360° inspection, a copy of the evaluation, and a Parts & Service estimate for any deficiencies found during the evaluation.

If your repairs exceeds \$2000 or more, half of the initial evaluation charge will be applied to the cost if A&H is chosen for the repairs.

Areas of Inspection include; water system, hose & hose reels, auxiliary engine (if equipped), vacuum boom, vacuum system, debris body, fluid & lubrication, safety & chassis.
